- 1 Up to a 90-day supply of drugs to treat chronic conditions available at designated pharmacies or mail for same cost share.
- 2 Certain designated preventative medications will not be subject to any cost-sharing or deductibles, but will be subject to the terms and conditions of your benefits contract. Refer to your summary of benefits, member handbook, and/or benefit booklet to determine if your plan includes 100 percent coverage for in-network preventative services.

This summary represents only a partial listing of benefits and exclusions of the Prescription Drug Program described in this summary. If your employer purchases another program, the benefits and exclusions may differ. Also, benefits and exclusions may be further defined by pharmacy policy. As a result, this program may not cover all of your health care expenses. Read your contract/member benefit booklet carefully for a complete listing of terms, limitations, and exclusions of the program. For more information about your coverage, or to get a copy of the complete terms of coverage, visit [www.ibxtpa.com](http://www.ibxtpa.com) or call 1-844-864-4352 (TTY: 711).

Benefits may be changed by Independence Administrators to comply with applicable federal/state laws and regulations.

Any prescription refilled in excess of the number of refills specified by the physician, or any refill dispensed after one year from the physician's original order are not covered. Devices or supplies except those specifically listed under covered drugs are not covered.

All covered self-administered specialty medications will be provided through the convenient Specialty Pharmacy Program for the appropriate cost sharing indicated above. Benefits are available for up to a thirty (30) days supply.

The pharmacy network includes more than 65,000 retail pharmacies. You can locate a participating pharmacy near you on [www.ibxtpa.com](http://www.ibxtpa.com) by selecting the Find a Participating Pharmacy feature.
